

Tampa, FL, December, 2013 – Digital Watchdog would like to announce the release of the v2.1.0 update to DW Spectrum's remote client application, available on the Google Play Store and the Apple App Store.

Minimum Operating System Required: Requires iOS 5.0 or later. Compatible with iPhone, iPad, and iPod touch. This app is optimized for iPhone 5. Control your entire security system with the single touch of a finger.

What's New in Version 2.1.0?

New Features:

- iOS 7 supported
- Added support for 1080p resolution (Wi-Fi steaming recommended)
- Bug fixes

To download the app, enter "Digital Watchdog" in the Google Play Store's or the Apple's App Store search bar.

You can also click on the buttons below to go to the app's page.

Go to http://digital-watchdog.com/demo/?demo_category=DW+Spectrum to view Digital Watchdog's DW Spectrum demos.

Scan the barcode to access Digital Watchdog's website for more information, supported devices, and all available demo sites.
